Ecclesbourne Valley
Railway Association

Locomotive and Carriage Club

Help us restore and maintain our fleet of carriages and steam locomotives.

Our Steam Locomotives

Currently the Ecclesbourne Valley Railway Association has three steam locomotives on long term loan: 0-4-0 Andrew Barclays: Ferrybridge No. 3 and Henry Ellison, and an 0-6-0T Hudswell Clarke: Cathryn.

No. 3 and Henry Ellison require constant maintenance and consumables to keep them in good working order to the enjoyment of the many visitors to our railway. In the near future both locomotives will require boiler certificate renewals and a complete major overhaul which could cost in the region of several thousand pounds.

Cathryn, our third locomotive, is currently well into its restoration which we are hoping will soon be in working order to operate on the railway. Having both a large coal and water capacity it has the potential to operate a regular steam service between Wirksworth and Duffield.

Our Carriages

The Association has also four BR Mk. 1 Coaches in traffic, including one fitted with an onboard bar, and more are currently being restored.

Repairs and renovations are continuously being carried out on these coaches as the demand of our many visitors are placed upon them.

How you can help

If you would like to financially support the maintenance and restoration of our carriage and steam locomotive fleet, you can either give a one-time donation, by filling out the form overleaf and return to us at the address given; or If you would like to contribute on a regular monthly basis please complete the standing order mandate as well. Both options can be with Gift Aid if you are able to do this.

Your contributions would be most appreciated as this is one of our main source of income to fund projects such as these.

If you would like to offer your skills and experience to us to assist in these projects, or even start a new hobby, you can become a volunteer of the railway by becoming a member of EVRA. You will be made most welcome. Please visit www.e-v-r-a.com and follow the links to membership and volunteering pages, or phone 07961938353 for an informal chat with our Volunteer Liaison Officer.

Thanking you in anticipation.
